Von A. E. Murphy : A Little Bit of Trouble: Little Bits #3 (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Little Bit of Trouble: Little Bits #3 (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Sweet story with interesting topics and arc of suspenseVon Kindle-KundeIn A Little Bit Of Trouble Murphy improves her writing style and storytelling abilities. While I had my difficulties with Maya's narration - I enjoyed the funny scenes but couldnt feel her sad moments - I connected with Lucas' story, felt the character's emotions and couldnt put the book away. The story is written in his first-person narrative. Only the epilogue is in Loryn's first-person perspective.

He addresses the readers directly and interrupts his narration with thoughts and comments. With his narration I laughed out loud, teared up and cried a little. Murphy balances the story's emotionalism with his manly point of view very well. Even with his grief and guilt he is through and through an alpha. Another improvement is Murphy's arc of suspense. She uses more and more methods to increase the story's suspense and for a short time I was afraid of the ending. The contribution of other storylines besides the love, sex and relationship of Loryn and Lucas is a great thing. I really liked the length of the book and the wide range of the topics. I really excited about the continuation of Maya's and James' story and the hints about Marie and Jacob. I'm only a little bit disappointed that Maya's and James' relationship is reduced to their immature pranks at the beginning of the story. It is funny for a while but gets boring at the middle of the book. I can't wait for Marie's and Jacob's story. They are my favorite characters in the series.

KurzbeschreibungIt's safe to say I've loved a lot. It's safe to say I've lost a lot. How do you move on from what you've lost, when what you've lost is such a big part of you it takes that part with it?I lost my wife and my first born three years ago. Since then I've existed, but now I'm trying to live. I have a new family and new friends who actually love my daughter Amelia and I unconditionally.They think I should move on, I disagree. Sure I'm all for meeting a nice female and having a little bit of fun but I can't give away a part of me that I lost three years ago.And then I meet Loryn. She brings color to my life, color I need but don't want. She frustrates me to no end and makes me as possessive as a caveman. But how do you keep someone who deserves to be loved when you know you can't love them yourself? She wants something from me that I can't give. This is our story. Mine and Loryn's, with a lot of everyone else and just a little bit of trouble.*Recommended for readers aged 17+ due to some sexual content and strong language*Approx: 110,000 words.Please be as critical and honest as possible, all words of wisdom welcome.KurzbeschreibungIt's safe to say I've loved a lot.
