Family was probably one of the most anticipated books of 2011 for me. I love this series so much- the mix of fun, wit, action and sexy times is just irresistible for me. And this newest addition didn't disappoint. We see all those lovely characters we welcomed into our heart, again. This book just fits or we could even say it's our usual AC routine. *wink*Kitty and Martini are wonderful as always. They are happily engaged and are nearing the end of the wedding preparations. Kitty is as witty and clever as always but we see more of her softer side. She's still a strong and opinionated but there are some moments where even she is unsure. I loved how she often heard what her heart told her- I'm a real lover of impulse decisions. Martini is so much in love- he really steals my heart every time he enters the scene. He's strong and a leader but from time to time his unsureness shows. It made me want to hug him until he feels better. Both get an extra depth in this book- there are some rough decisions to make and both have to be strong and have to believe in each other. We also still have the wonderful side cast. Reader is still every girl's wet dream even though he is still gay. Dammit! He gets a more of a center role in Alien in the Family and that made me more than happy. I loved to see him in commander mode- it really suits him but I love his teasing self a tiny bit more. Then there is Chuckie. I don't know why but in the first book Chuckie always embodied the "best friend" type for me but he is gradually getting more and more one of the hot guys. He shows a bit more of his emotional side in this one and I really liked that he not that opposing any longer. Makes him way more likable and I really hope that he perhaps might get his own Dazzler at some point (hint for Gini). We also meet some very awesome new side characters in this one. Can't tell you much about these besides that you will love them. But I will tell you that I want a poof of my own. But now my lips are sealed- I swear. The plot is as always fast-paced and engaging. You will curse yourself that you can't read faster and sit on the edge of seat, bite your nails and really hope you won't drop your book while doing it. I was so surprised how everything turned out and even more when I saw what the last part of the book was all about. *huge happy grin from ear to ear* This book surprised me so much- I know I'm saying this way too often but Ms Koch really does things that aren't usually done in this genre and I love her even more for doing it. It's not like any other science fiction book you will ever read. Alien in the Family is full of funny action, romance, emotion and so much more. It will make you squeal and perhaps even wet your eyes at times. I loved every second of it. It's a thrilling ride you won't forget. So to sum it all up: Alien in the Family will rock your socks off. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Aliens in Armani Bd. 3 Von Melanie Ludes Achtung! Kann Spoiler enthalten! Inhaltsangabe: Kitty und Jeff stecken mitten in den Vorbereitungen ihrer bevorstehenden Hochzeit. Doch es gibt wichtigeres als die Sitzordnung, denn interstellare Invasionen, Verschwörungen innerhalb der Alpha - Centauri Reihen und natürlich mittendrin das Alpha Team ... wird es Kitty gelingen alles unter einen Hut zu bringen, das richtige Kleid zu finden und Jeffs Mutter für sich zu gewinnen? Wir werden sehen ... Meine Einschätzung: Und wieder ein Alien verschlungen! Ach ich liebe die Reihe von Gini Koch. Alles an dem Buch ist so herzerfrischend, auch wenn die Handlung sehr komplex ist und es diverse Baustellen gibt, die auf die ein oder andere Weise miteinander zusammenhängen. Der Schreibstil ist faszinierend und fesselnd. Von der ersten bis zur letzten Seite ist man von der Geschichte gefangen und man will einfach nur noch wissen, was noch alles passieren wird und ob es Kitty und Co. gelingen wird die Welt(en) zu retten. Was sonst könnte ich über das Buch positiv berichten? Nun, alles ist eigentlich beim Alten, wobei die Männer in Kittys Leben scheinbar langsam erwachsen werden. Christopher ist schon lange bei seinen "crush on" Kitty hinweg, Chuckie versucht es und Martini versucht sich daran seine Eifersucht in den Griff zu bekommen und bei dem Versuch ist er einfach nur zu schlammig!!! Natürlich darf auch der Sarkasmus nicht fehlen und das ein ums andere Mal musste ich laut auflachen. Es ist einfach herrlich, welche gelungenen Dialoge sich GK ausgedacht hat - da geht einem das Herz auf. Insgesamt betrachtet ist dies auch wieder ein ganz starker Alien Roman und ich bin schon gespannt, wie es in Bd. 4 "Alien Proliferation" weitergehen wird - gut, dass das Buch hier schon bereit steht. Wer die Vorgänger mochte, wird dieses Buch lieben. Das Buch hat einfach alles was man braucht und besonders der Anfang (na gut ab Seite 104) hatte es sich, was das Drama angeht, echt in sich! Da hat Mrs. Koch wirklich mit meinen Gefühlen gespielt und ich dachte schon: OH GOTT! Und das Ende war auch wirklich schön ... ach ich liebe die Bücher! Doch lest selbst! Mein Fazit: 5 Sterne - Steigerung gelungen. Faszinierend und Suchtpotential!

Kurzbeschreibung Sci-fi action meets steamy paranormal romance in Gini Kochs Alien novels, as Katherine Kitty Katt faces off against aliens, conspiracies, and deadly secrets. Futuristic high-jinks and gripping adventure. RT's Planning any wedding is hard enough, but Katherine "Kitty" Katt and Jeff Martini have a lot more to worry about than seating arrangements, because multiple inter-stellar invasions, Alpha Team in mortal peril, and inter-alien conspiracies are all on the guest list and the gifts they've brought contain some explosive surprises. The discovery that Martini is actually a member of the Alpha Centaurion Royal Family brings additional bad news: emissaries are on their way to see if Kitty's royal bride material. And they're not the only things coming from the Alpha Centauri system. Alien assassins, spies, alien beasts, shape-shifters, and representatives from the Planetary Council, combined with a tabloid reporter who's a little too on the mark, create a deadly situation for Kitty and the rest of Alpha Team. When the assassins strike far too close to home for anyone's comfort, Kitty realizes it's going to come down to more than throwing a bouquet: she's going to

have to face an entire planetary consciousness and dethrone a monarch in order to make it to the church on time...
