Von Cali MacKay : Jack: Jack the Grim Ripper (A Grim Reaper Romance Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Jack: Jack the Grim Ripper (A Grim Reaper Romance Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Hot, soul-satisfyng romance, with just the right touch of mysteryVon Cat LadyWow. Where to begin? I absolutely loved these characters and their world. Lilly, a young woman who is new to the afterlife, having died giving birth to her only

daughter, is both vulnerable and strong as she adjusts to the sometimes harsh realities of being a reaper of souls--a job she carries out with mercy and a light touch. And even though one of her past lovers may be a horrific murderer (a story thread which is handled tastefully and with great delicacy, so that even this scardy-cat reader didn't feel uncomfortable in the crime scenes), the story is really Lilly's deep down, as she comes into her own through incredibly difficult personal trials--and intoxicating, mind-blowing love. For me, that's what makes JACK a cut above a lot of romances and thrillers out there; it's about a living, breathing, faulted person, not a mental construct or a tinker-toy puzzle. Lilly felt real and deeply emotional, just like life. I could totally identify with her struggle to sort out her feelings and priorities as she tries to do right by her loved ones--and let me tell you, the men in her life are h-h-h-ot and sensual (Ahem. You may find yourself breathing hard and unable to see the page), wonderfully heroic and deeply caring in different ways--any woman would love to have Lilly's romantic dilemma! I hope more stories will be set in this world. I want to see each man in Lilly's life find happiness in love, or at least a hot interlude or three. :-)
